

Commission on Accreditation  
of Athletic Training Education

**CAATE Standard B3.62**  
Health Professionals

In response to a concern that some *Allied Health Personnel* with whom Athletic Trainers work are not included on the current AMA Health Professional List, and there are many others listed on the current list who do not meet the intent of the Standard, **effective Fall 2008**, the CAATE recognizes only the following Allied Health Care Personnel as the only health care professionals acceptable to fulfill the requirements of CAATE Standard B3.62:

Chiropractor, Dentist, Registered Dietician, Emergency Medical Technician, Nurse Practitioner, Nutritionist, Paramedic, Occupational Therapist, Optometrist, Orthotist, Pharmacist, Physical Therapist, Physician Assistant, Podiatrist, Prosthetist, Psychologist, Registered Nurse or Social Worker who hold a current active state or national practice credential and/or certification in the discipline and whose discipline provides direct patient care in a field that has direct relevancy to the practice and discipline of Athletic Training.
