PROFESSIONAL DEGREE PROGRAM ANNUAL REPORT CHECKLIST

SECTION II: APPLICANTS & ENROLLMENT (AR-II)

Possible Standards Cited: n/a

Checklist

- The total number of students listed in question II.7, II.8, and II.9 should **each be equal** to the total head count of students provided in question II.6.
- Ethnicity and race are collected as part of the Annual Report to allow for the tracking of trends in diversity in athletic training education. This information is typically self-reported by students during the application/admissions process, and can usually be obtained by contacting your institution's admissions office.

SECTION III: FACULTY (AR-III)

Possible Standards Cited:

Standard 17: The Program Director must have administrative release time.

Standard 23: Clinical Education Coordinator: The Clinical Education Coordinator must be allowed release/reassigned workload to meet the institutional responsibilities for Clinical Education.

Standard 30: Athletic Training Faculty Number: In addition to the Program Director, there must be a minimum one full-time (1.0 FTE) faculty member as defined in the glossary, dedicated (100% of 1 FTE) to the athletic training program.

Checklist

- Ensure faculty are identified as Core, Associated or Adjunct per the definition in the glossary.
 - Each program should have a minimum of 2 Core Faculty listed (Standard 30).
- The clinical education ratio should be reflective of the number of students supervised by preceptors.
- Ensure credit hours and contact hours are accurate. Credit hours refer to the amount of credits earned per course, which is published in the institution's course catalog and reflected on the student's transcript. Contact hours refer to the amount of time spent in class over the course of a semester. For example, a 3-credit course that meets 3 hours per week over a 15-week semester totals 45 contact hours. Likewise, a 1-credit lab that meets 3 hours per week over a 15-week semester totals 45 contact hours.
- Reviewers will evaluate the standard teaching load reported for faculty within the unit where the AT program is housed and how the release time for the PD/CEC impacts the teaching load.
 - For example, if the standard teaching load for faculty at your university is 24 credits per year and the PD/CEC is teaching 18 credits and has 25% release time, the reviewers would determine compliance for Standard 17/23. If the standard teaching load for faculty at your university is 12 credits per year and the PD/CEC is teaching 18 credits and has 25% release time, the reviewers would not be able to determine compliance with Standard 17/23 and thus, the program would be required to submit additional documentation in the rejoinder showing that the PD/CEC's workload is consistent with university policy.
- If an overload is temporary or the PD/CEC is being compensated, please indicate this in the comment section.
- Percent of release time must be listed in Section III.10 and III.11. A program listing a 0% will be cited as NC. If release time is provided via decrease teaching credits or compensation, please explain in the comment section and estimate what percent of release time is being given.
