

RF-ATCAS

Residency & Fellowship Athletic Training Centralized Application System

The Only Centralized Application Service for Residency and Fellowship Athletic Training Programs

A community of like-minded post-professional AT education leaders who work together to drive the profession forward through residency and fellowship programs. Through participating in the Residency and Fellowship Athletic Training Centralized Application Service (RF-ATCAS™), members gain access to:

- ✓ **Insights and Data.** Visual application and enrollment trend reports to facilitate strategic decisions.
- ✓ **Marketing Services.** Expanded applicant pools with branded program listings, advertising, and targeted drive-to-apply campaigns.
- ✓ **Processing Efficiency.** Application processing and applicant support services that saves member institutions time on manual administrative tasks.

Why Join RF-ATCAS?

RF-ATCAS is an intuitive, flexible application portal with visual insights into application and enrollment trends that actively target your best-fit students.

With application processing and support services, RF-ATCAS streamlines admissions, encourages application completion and provides institution-applicant connection throughout the entire process.

RF-ATCAS leverages the "power of partnership" with regular forums for the sharing of best practices in a mutually supportive environment.

BY JOINING RF-ATCAS, YOU'LL ACCESS:

- ✓ Knowledge, connections, inspiration, resources, and support — all at no cost to your institution
- ✓ Robust, customizable dashboards that make your data actionable
- ✓ A "plug-and-play" integration platform designed to minimize in-house IT requirements
- ✓ Enhanced program branding on the streamlined application that prospects expect
- ✓ A global CAS marketplace that increases program visibility, completed applications, and best-fit matches
- ✓ A future-proofed applicant pool that maximizes your outcomes both domestically and internationally in all conditions
- ✓ Rapid time to implementation that's measured in weeks
