

CAATE Automation Update

The CAATE continues to move from a paper driven environment to an online/automated environment. Annual Reports, self studies and progress reports will soon be submitted electronically.

Effective **May 1, 2010** the current Online Services Login will be suspended. Any changes you may have to contacts for your program or student certificates that need to be ordered, please contact Sheila Caruthers at either Sheila@caate.net or 512-733-9700 and she will be happy to make the changes or enter student names for certificates.

We expect to have automation of the new database, accreditation system and website available by Fall 2010.
