University of South Florida
Athletic Training Program

Steven M. Zinder, PhD, ATC
Director of Athletic Training
CAATE Accreditation Conference
October 17, 2014
Outcome

• Students will demonstrate that they are fully capable of independent practice

• Observed Structured Clinical Examination
  – Student will perform an OSCE on a standardized patient in the Center for Advanced Clinical Learning
  – Students will achieve at least 80% compliance on the evaluation
    • SP feedback
    • Preceptor grade via rubric
Observed Structured Clinical Exam

https://simbridge.health.usf.edu
Future Goals

• Students will complete a comprehensive practical examination on a standardized patient over the course of one week (to be implemented in Spring 2016)

• Examination will include
  – Written comprehensive exam and patient background (Day 1)
  – SP Evaluation (Day 2)
    • Prior to patient write up and presentation due on Day 3, further testing or imaging may be requested
    • Results of testing will be provided by the end of Day 2
  – Treatment, Rehabilitation plan, and Return To Play criteria (Day 4)
  – Implementation of Rehabilitation plan and progression with SP (Day 5)
