- Update on Standards for Professional Programs at the Master's Degree Level
- Important information for Programs Not Compliant with Standard 11
- Annual Report Update
- Established Residency Focus Areas
- Reminder of Standards Changes Now Effective
- Residency and Fellowship Program Development Workshop
- And much more!

UPDATE ON STANDARDS FOR PROFESSIONAL PROGRAMS AT THE MASTER'S DEGREE LEVEL

The CAATE extends its appreciation for all who provided comment on the operational and curricular content standards draft, which ran from June 1, 2017 – July 31, 2017. We would additionally like to thank all who joined us in Houston, TX during the NATA Symposium to contribute to the three open forums that were available. More information on the next steps in the Standards development process is available on page 1 of the newsletter.

REGISTER TODAY FOR THE ACCREDITATION CONFERENCE!

The Accreditation Conference will be held October 13-15, 2017 at the Grand Hyatt Tampa Bay. Early registration pricing will now be available through September 12, 2017. Attendees will have opportunities to network with other educators and program administrators, attend workshops to develop program-specific documents, and have access to communicate with Commissioners and CAATE staff regarding the topics that are most relevant to them. Lunch is provided for both Friday and Saturday for registered attendees. More information on the Accreditation Conference is available on page 1 of the newsletter or go directly to the registration page [here](#).
