Clarification changes made to the following Standards:

**Approved by Commission on June 11, 2019**

Standard 24
- Standard: deleted ‘Available information must include the following’ and added ‘These policies and procedures are available to the public and must include the following:’

Standards 26C, 26E, 26H
- Standard: added language ‘procedures that are immediately accessible’ to 26C, 26E, 26H
- How to Address This Standards: deleted bullet ‘Describe how the program ensures each policy and procedure that meets Standards 26A through 26K is publicly accessible’ and added ‘Describe how the program ensures each policy and procedure that meets Standards 26A through 26K is accessible to students in the program’

Standards 37, 39, 44, and 45
- Uploads: added bullet ‘Verification of NPI number with appropriate healthcare field designation’

Standard 54
- How to Address This Standard: deleted ‘admission to’ and replaced it with ‘matriculation in.’ The bullet will read ‘Describe how the program ensures all students complete prerequisite coursework prior to matriculation in the professional program’

Standards 56-94
- Upload: deleted bullet ‘Syllabus (or syllabi); highlight the course objective(s) and/or the daily/weekly schedule associated with this standard.’
- How to Address This Standards: added bullet ‘List the objectives and/or daily/weekly schedule from the course syllabi that are associated with this Standard (include the course prefix and course number with each objective.’

**Approved by Commission on February 1, 2019**

Standard 16
- Annotation: deleted last sentence: ‘Programs may include online education during the immersive experiences that does not detract from the nature of an immersive clinical experience’.
- How to Address This Standard: revised the last bullet to state ‘If a program includes educational activities outside of the immersive experience, describe how these activities do not detract from the nature of the immersive clinical experience’

Core Faculty Definition
- Added last sentence: ‘A core faculty member must be an athletic trainer or physician.’
Athletic Trainer Definition

- Added ‘An athletic trainer is state credentialed (in states with regulation), certified, and in good standing with the Board of Certification.’

**Approved by Commission December 11, 2018**

Standard 54
- Upload: add bullet: ‘program’s policy regarding how prerequisite classes are evaluated’

Standard 55
- Upload: deleted last bullet ‘Program’s policy regarding how transfer credits are evaluated that is aligned with the institution’s policy’ and ‘Institution’s policy regarding how transfer credits are evaluated’

**Approved by Commission on August 14th, 2018**

Standard 41
- Annotation: added language ‘Until July 1, 2023 programs will be required to maintain compliance with the 2012 Standard (Standard 30) requiring a minimum of two core faculty’

**Approved by Commission on June 12th, 2018**

Standards 10, 12, 13, 24, 26, 29, 49, 52
- Standard and Annotation: updated the clinical experience term by changing it to ‘athletic training clinical experience’ and/or ‘supplemental clinical experience’

Standard 15
- Annotation: deleted. It was same as the ‘How to Address This Standard.’

Standard 16
- Standard and Annotation: added ‘athletic training’ to the term immersive experience

Standard 21
- Annotation: replaced the word ‘them’ with ‘similar health care profession program’

Athletic Training Clinical Experience Definition
- Added

Supplemental Clinical Experience Definition
- Added

All words in glossary were changed to ‘red’
