## CAATE FEE STRUCTURE

With the goal of providing programs and institutions with the ability to plan their budget for future years, the Commission on Accreditation of Athletic Training Education (CAATE) is releasing our Program Fee structure for academic years 2019-2020 through 2021-2022.

An Annual Program Fee is charged to all accredited programs to maintain a quality accreditation process. Programs that are not yet accredited are not required to pay an Annual Program Fee. Updates in the Annual Program Fee structure will be published annually so that programs will continually have a three-year forecast for appropriate budget planning.
